THE SUNFLOWER

The Sunflower is not a sacred plant. We find it to be a sturdy promising plant in June.

It blooms in July or Algust;

It is at its best in September;

It fades in October;

It falls apart in early November; and

It looks horrible the rest of the year.

* * *

Many people continue to feed their parrots Sunflowers and then wonder why they use such awful language.

* * *

It has been rumored that the Republicans are coming out with a last minute "Sunflower" Campaign song.

* * *

We believe, however, that "Oh Promise Me" or "Heading for the Last Round Up" would be more appropriate.

VOTE NO ON NO. 7

...Proposition No. 7 would blanket in more than 30,000 present public employes in cities and counties of over 1,000 population regardless of their fitness, as well as many officials now elected. It would require the setting up of more than 200 civil service commissions and the hiring of additional employes at an additional cost of at least one million dollars the first year. It would practically eliminate home rule in every county including those that already have established well-working systems. It is a set-up of the employes, for the employes, by the employes, devised by a lawyer who levied 15 per cent of one month's salary on them to finance the campaign.

Do you remember when we used to have those fine community meetings at Washington School auditorium? Well, this Richmond Forum is a good chance to get started again. Everybody is welcome. Discussion is open and there will be good speakers on all the amendments.

For example, we don't know if any of these $15. per night chain store speakers will be there to speak against 22, but if so, they will hear some arguments for THAT proposition. And we do want to see the bird who is speaking for the boys at the public feed trough in favor of No. 7. It's a slick plan to get themselves a lifetime job at the expense of the taxpayers. PRESIDENT'S EAST-MID-WEST STATES TOUR A TRIUMPH

Assemblyman-Elect Harold Sawallisch Will Handle the Roosevelt Finances In Richmond

Well, folks, it looks like the 1936 presidential election is all over but the shouting. Any disinterested spectator, viewing the situation from any angle is bound to acknowledge the sure re-election of our glorious President, Franklin D. Roosevelt, by a landslide on November 3.

Principal highlights of political activity for this week include the Democratic Women's luncheon last Tuesday noon at the Palace Hotel in San Francisco. Many Richmond people attended and heard the rousing Democrats of California, U. S. Senator Wm. G. McAdoo, tell in simple convincing words the record of the New Deal and the aspirations of the Democratic party, under the peerless leadership of President Roosevelt which will pave the way to equalize economic opportunity and to eventually abolish povert7 in California.

Contra Costa Activity

Contra Costa County, itself, is not lacking in activity for the re-election of the President. At Richmond, Martinez, and Pittsburg headquarters have been established and patriotic men and women who have volunteered their services for the cause are busy handing out campaign material, the supply of which cannot seem to meet the heavy demand of a happy and grateful people who want to show their loyalty to the president.

The Crockett Rally

At Crockett last night was held a major campaign rally where the Sugar City turned out in a parade behind a band and two drum corps to assemble nearly 400 strong at the Community Clubhouse where County Supervisor H. L. "Jack" Cummings, democrat, acted as chairman of the meeting.

Major speeches of the meeting were delivered by Augustus C. "Gus" Lang, lifelong Democratic leader of Richmond, who spoke on the accomplishments of the Administration as contrasted with the mouthings of the "unholy triumvirate"—Landon, Al Smith, and Hearst. Second address was by J. Stitt Wilson, who is now a state vice-chairman of the Democratic State Committee. Mr. Wilson is well known for his lifetime of effort and progress in social and humanitarian work, and he held the crowd enthralled as he told of the historical significance of the 1936 election.

A few brief remarks were made by County Chairman Harry R. Burt who also led in singing the President's favorite song, "Home On The Range." Miss Violet Babich, a charming young lady of Crockett, a leader of the Young

Democrats in the sugar city, gave a splendid talk and the meeting was closed by District Leader William F. Kelleher, of Crockett, who with Committeemen Allen Engells and Pat Lucey, Jr., had arranged the rally.

At Lafayette on Wednesday evening, Henry Nightingale, able Young Democrat, of San Francisco, appeared before the Lafayette Improvement Club, a non-partisan organization and presented the Democratic side of the subject "Taxation." A Mr. Fraser spoke for the Republicans. Dr. George S Meredith is president of the club and issued the invitations through the Democratic and Republican county central committees. Mormons Are Off the Dole, Says President Grant

SIX months ago the Latter Day Saints church—otherwise the Mormons—inaugurated a program to make every able bodied member self-supporting by October 1. In the great tabernacle at Salt Lake City Heber J. Grant, president of the church, told an audience that the plan had succeeded and that the drive had taken all the needy members off public relief. The church has consistently opposed "pay without work." In reading his report President Grant took occasion to criticise the Townsend pension plan and government control of crops, and he warned the members to avoid "political entanglements."

Heber J. Grant

Under the church relief drive, land was leased and the needy provided with implements for tilling. Womens groups have made clothes and bedding. Members have contributed the financial equivalent of two meals monthly to a special fund.

In scattered storehouses, Mr. Grant reported, supplies have been laid up in generous quantities for distribution among the needy who helped produce them.

Under the program, the speaker declares, "the curse of idleness would be done away with, the evils of a dole abolished, and independence, thrift, and self-respect will be once more established amongst our people."

Social Security Act Is Due for a Court Test

UNITED STATES DISTRICT JUDGE C. B. KENNEMER of Montgomery, Ala., issued an order halting collection in Alabama of a one per cent payroll tax to finance the unemployment program. The result, it is expected, will be a clear cut test of the validity of the New Deal's social security act, for lawyers had no doubt the case would be carried to the United States Supreme court. The order was granted the Gulf States Steel corporation of Gadsden, Ala., on a plea that the unemployment insurance program, operated in co-operation with the federal government violates both state and federal constitutions. A Supreme court hearing would carry the threat of possible invalidation of insurance and pension programs now under development in the several states.

Test Case Started Under Robinson-Patman Act

THREE complaints were filed by the federal trade commission under the Robinson-Patman act, naming five concerns, launching the first move to test its powers under this far-reaching legislation which forbids the granting or receiving by merchandisers of discriminatory price discounts in interstate commerce.

The complaints named Montgomery Ward and Company, Inc.; Kraft - Phenix Cheese corporation, Chicago; Shefford Cheese company, Inc., Syracuse, N. Y.; Bird and Son, Inc., and Bird Floor Covering Sales corporation, East Walpole, Mass.

Montgomery Ward and Company is named jointly with Bird and Son and the Bird Floor Covering Sales corporation, a subsidiary. The complaint contends that the two Bird companies sold floor coverings to Montgomery Ward and Company at substantially lower prices than to competing retailers.

Kraft-Phenix Cheese was charged with discriminating in price between purchasers, with the alleged effect of lessening and injuring competition between it and other manufacturers and distributors of similar products. Lessening of competition between customers of Kraft-Phenix was also alleged, and some of them were alleged to have received favored prices.

In filing its bill of complaint, the commission pointed out that no allegation was made of "bad faith or any subterfuge or secrecy on the part of Kraft-Phenix in connection with its price policy."

Charges against Shefford Cheese were substantially the same as in the case of Kraft-Phenix.

Chicago Meat Packers Cited by Wallace

CHARGES of engaging in unfair practices have been filed against the Armour and Swift meat packing companies of Chicago, and Secretary of Agriculture Wallace has cited them for a hearing in New York on November 2, for violation of the packers and stockyards act of 1921.

According to Dr. A. W. Miller of the bureau of animal industry, the complaint was based on the charge that the packers had been obtaining business in violation of the law from steamship companies in New York.

Under the alleged illegal arrangement, Miller said, Armour and Swift had arranged a reciprocal agreement by which they sold meat to the ship owners and in return sent their exports abroad in their ships.

Another charge was that the packers had extended credit for longer periods for favored customers than for others.

Secretary Ickes Reports Alleged Collusive Bids

SECRETARY OF THE INTERIOR ICKES referred to the Department of Justice for investigation two new instances of alleged collusive bidding for federal construction material contracts. The charges are against seventeen copper cable and steel tubing firms. The Justice department already has under investigation previous charges made by Ickes of collusive bidding on steel contracts.

The projects affected were the North Platte reclamation development in Nebraska, and the Grand Coullee Dam in the Columbia river basin of Washington.

Many of the bids in both cases, said Mr. Ickes, were identical. However, in each case at least one bidder submitted different and lower figures, and the contracts were awarded.

French Communists and Fascists Clash

FRANCE may be on the verge of a civil war between Communists and Fascists comparable to the terrible conflict in Spain. In Paris desperate fighting already has begun. The Reds, numbering many thousands, and the nationalists, under orders from Col. Francois de la Rocque whose Croix de Feux organization was disbanded by the government, undertook rival demonstrations; and the result was a day-long series of street battles in which hundreds were wounded. Order was finally restored for the time being by a force of 12,000 republican guards and police.

The Nationalist-rightists said the fighting "was only beginning." Troubles resulting from devaluation of the franc would be severe and numerous, they predicted. Leftists charged the battles were part of a rightist plot to provoke trorble for the Socialist government.

In London, also, there was a big riot in which a hundred persons were injured. Sir Oswald Mosley's Black Shirts, a Fascist organization, planned a parade but Communists and Socialists numbering 100,000 were determined to prevent it and battled with a big force of east end police to get at their enemies. The authorities forbade the parade as scheduled but the opposing mobs got together in various localities and fought desperately. Sir Oswald issued a statement charging that the "British government has openly surrendered to Red terror."

Italy's Cabinet Votes to Devalue the Lira

FOLLOWING the example set by France and other countries, the Italian cabinet voted to devalue the lira, setting its value at approximately 5.2 cents, as compared with the latest previous figure of 7.6 cents. The cabinet also let it be known that it would take action to prevent rent and price increases; and it voted a new 5 per cent capital levy to which property owners are obliged to subscribe to the extent of 5 per cent of their wealth.

The gold value of the lira was placed at 4.677 grams of gold for each 100 lire. Gold reserver of the Bank of Italy will be revalued on the basis of the new lira with the surplus to be placed at the disposition of the treasury.

Former Ambassador Straus Taken by Pneumonia

JESSE ISADOR STRAUS, merchant prince and, until his resignation last August, American ambassador to France, passed away in his New York home at the age of sixty-four. The immediate cause of death was pneumonia, but Mr. Straus had been in ill health for some time, this being the reason for his retirement from the ambassadorship.

Jesse I. Straus

Graduating from Harvard in 1893, Mr. Straus began work as a bank clerk. In 1896 he obtained employment with R. H. Macy & Co., big New York department store, and by 1919 was its president, holding that position until he was given the Paris post by President Roosevelt in 1933. He was a Democrat and was a member of the board of overseers of Harvard and of the American Academy of Political and Social Science. He maintained a country estate at Mount Kisco, N. Y., as well as a city apartment.

Madrid Claims Victories Over the Insurgents

THOUGH the capture of Toledo by the Spanish insurgents was a severe blow for the government, it by no means ended the civil war. Madrid announces that one of the loyalist columns broke the rebel line that almost surrounded the capital and re-took the important junction town of Maqueda. An army of loyalists miners was reported to have reached the outskirts of Oviedo, and reinforcements for the Madrid garrison were on their way from Asturias province and from Valencia. The government forces also were said to have taken the important town of Motrico on the Bay of Biscay.

Gen. Francisco Franco, chief of the insurgents, decreed a Fascist dictatorship and created a "junta of state" which will govern subject to his will. In his first statement of policy, Franco assured workers they would be "protected against the ills of capitalism" and that "steps would be taken to regulate favorable working hours."

"All Spaniards will be obliged to work according to their capacity," he said. "In the new state no parasitical citizens will be permitted."

Al Smith Comes Out for Gov. Landon

FRANK KNOX, President Roosevelt and Al Smith, all on the air the same evening, provided a political feast for radio listeners. Colonel Knox, speaking at Pittsburgh, reiterated and substantiated his former assertion that New Deal financial policies were imperiling savings accounts and insurance policies. Mr. Roosevelt, got so eloquent as usual, defended the spending policies of his administration. He, too, spoke at Pittsburgh. The high spot of the evening came at the close of Al Smith's address to a women's organization in New York city. He had been treating of the New Deal and its leaders with biting sarcasm and wound up with the dramatic declaration:

"I firmly believe that the remedy for all the ills that we are suffering from today is the election of Alfred M. Landon."

Treasury Figures on Year's First Quarter

THE government wound up its affairs for the first quarter of the 1937 fiscal year with a deficit of about $530,000,000 compared with a deficit of more than $880,000,000 for the same period last year.

Receipts in the July 1-Sept. 28 period were $1,119,196,888, compared with $986,888,265 last year, while expenditures were $1,635,909,816, against $1,815,219,471. General expenditures were $1,047,514,060 this year, compared with $939,977,775 last. Recovery and relief expenditures amounted to $588,395,755, compared with $875,241,695.

Income tax collection for September will amount to about $287,000,000, against $231,000,000 last year, and for the first quarter of this year approximately $358,000,000, compared with $278,000,000. Miscellaneous internal revenue netted the government $617,307,783 in the July 1-September 28 period, as compared with $517,986,451 last year.

The public debt at the end of the month stood at $33,831,790,000, compared with $29,423,624,000 on the same date last year.

Poland Confiscating Lands of Nobility

POLAND'S government began the confiscation of the lands of the nobility and large estate holders by seizing 60,000 acres from tax indebted properties. The land will be divided among the peasantry. This is the first step in carrying out a radical project that has been shelved for ten years.

Jules Poniatowski, minister of agriculture, had a hard fight before the president and cabinet indorsed the decree. Much pressure was brought to bear on the government and confiscations were reduced almost 50 per cent from the amounts suggested by the minister.

More than one-third of the sequestrated land is in east Galicia, the remainder in the east and south of Poland.

Admiral Sims Buried With Full Military Honors

HIGH ranking officers of the navy and army and many federal officials were present at the funeral of Rear Admiral William S. Sims in Washington and his interment with full military honors in Arlington national cemetery. The war time commander of America's naval forces in European waters died suddenly in Boston of heart attack. During his long years of service he was a severe critic of naval matters, and, he was given credit for developing gunnery in the navy to a high point of excellence.

Communist Nominee for President Jailed

EARL BROWDER, Communist party nominee for the Presidency, achieved the distinction of being the first Presidential candidate to be jailed since Eugene V. Debs was incarcerated during the World war. Browder was scheduled to make a campaign address over the radio from Terre Haute, Ind., but when he arrived in that city he was nabbed by Chief of Police James C. Yates and put in the hoosegow on charges of vagrancy and "for investigation." Held with him were Seymour Walden and Waldo Frank, both of New York city; Charles Stadtfeldt, secretary of the Indiana Communist party, and Andrew Remes of Indianapolis. All were released the next day.

Chief Yates, who had the backing of Mayor Samuel O. Beecher and the Terre Haute Merchants' association, said neither Browder "nor any other Communist" would be permitted to air their party doctrines over the local radio station; but David J. Bentall of Chicago, Browder's attorney, slipped into the broadcasting booth and delivered the speech his principal had prepared while Yates fumed outside the locked door.

Bleakley and Lehman for New York Governorship

REPUBLICANS and Democrats of New York state met in convention at Albany and Syracuse respectively, selected their state tickets and started on a hot campaign. The Republicans entered the fight under a new leader for they named William F. Bleakley of Yonkers, Supreme court justice, for the governorship. The fifty-two-year-old jurist prepared to resign from the bench and take command at once.

William F. Bleakley

Col. Ralph K. Robertson of Buffalo was nominated for lieutenant governor, Nathan D. Perlman of New York city for attorney general and John A. May, Gloversville, for comptroller.

The convention at its evening session heard Col. Frank Knox, Republican vice presidential candidate, in a strong attack on the New Deal.

The Democrats renominated Gov. Herbert H. Lehman, and his candidacy was warmly espoused by President Roosevelt, who went to Syracuse to deliver his first speech as an avowed candidate. The President took occasion to deny again that he seeks Communist support and alleged that issue was a "red herring" dragged across the trail by his opponents.

"Windfall" Tax Case to Be Decided by Courts

IN WHAT was said by court attaches to be the first important ruling anywhere on numerous suits filed by packing companies and others against government collection of the "windfall" tax, Judge Robert C. Baltzell of the United States district court at Indianapolis, overruled the government's motion to dismiss a suit for an injunction filed by Kingan and Company, meat packers.

Supreme Court May Pass on Wagner Labor Act

APPEALS filed by the national labor relations board offer the Supreme court five new opportunities to pass on the constitutionality of the Wagner labor relations act. The board asked the high tribunal to review rulings in a case involving the Jones & Laughlin Steel corporation of Pittsburgh, two involving the Freuauf Trailer company of Canton, Ohio, and two affecting the Friedman-Harry Marks Clothing company, New York.

Frankfort, Ky., Celebrates Its Sesquicentennial

RESIDENTS of Frankfort, Ky., stopped work and politics for three days and, with thousands of guests, celebrated the sesquicentennial of their city. A pioneer touch was given the affair by the arrival of many families from other parts of Kentucky in horse-drawn vehicles and on horseback. There were historical parades and services, an old fashioned burgoo feast, and a formal banquet at which addresses were delivered by Admiral Hugh Rodman of the navy and Governor Chandler of Kentucky.

With 85 paid subscribers and mough advertising to keep his sheet "out of the red," Edwin L. Hemnger, nine-year-old editor and publisher, is shown at the small handpress with which he puts out his 'Glendale Times." Young Heminger, whose father is editor of the Findlay (Ohio) Republican-Courier, and whose grandfather, I. N. Hemnger, has been a Findlay publisher since 1890, put out his first paper on a typewriter a year ago. So impressed was his grandfather with the lad's efforts that he bought him some type and the press. Now Edwin gathers his own news, solicits his own advertising, writes and edits copy, sets type and runs his paper off by himself.

week for their fair and impartial efforts toward community betterment. Colonel M. M. Garrett, a leading American Legionairre of the county, is a prominent member of the organization.

Other County Rallies

Other Democratic rallies in the county include the PITTSBURG rally in their City Auditorium on next Thurday night, October 22d. The MARTINEZ parade and rally at the Women's City Club in that city on Friday October 29th.

Richmond Rallies

Richmond meetings will include the big dinner to be given by the combined women's clubs of the city at the Carquinez Hotel on Thursday October 28th. The admission is one dollar. Tickets can be secured at Democratic headquarters.

It is probable that a monster rally will be given in Richmond a few days before the election.

Finance Head in Richmond

Except for the money necessary to run the local headquarters in Richmond no drive for campaign funds was launched by the Democratic high command until yesterday when Assemblyman-e'ect Harold F. Sawallisch was selected by the national committee as one of the 600 Roosevelt Electors in California and he will be the authorized individual to accept Roosevelt contributions in the Richmond district henceforth.

The Communist Climax

For the benefit of those Richmond merchants who have called the Progress office to protest the circulation if vicious campaign letters against our president, even branding him as a communist (!) we quote Clifford C. Anglim, California state chairman and Roosevelt campaign manager. Cliff said yesterday, in the San Francisco News:

"'We've known about this for some time, and we wish the Republicans luck intheir new venture—they'll more than need it!"

"We know there is stored in millions of pamphlets with fake documentary evidence purporting to prove the Democratic Administration is Communistic. This literature is to be distributed in he closing days of the campaign on the theory it will be too late then to refute the charges. But we're ready.

"The decision to raise the Communist bogey," said Mr. Anglim, "is only added proof Mr. Landon is a mere figurehead in this campaign.

Landon Just Figure Head

"It should make unneccessary further proof that William Randolph Hearst and those Fascist liberty boys the du Ponts are the real masters of the Republican party

"We hope they go through with their plans for it will only add to our strength by bringing into the Democratic fold many thousands now registered Republican voters who have not made up their mind whom to support."

STAR DUST
MOVIE AND RADIO
By Virginia Vale

HAVE you heard Hildegarde on the radio? You must, not merely because she is delightful in a way of her own, but because it is always interesting to watch the progress of someone who is on the way to stardom.

Not so many years ago she was playing the piano in a motion picture theater. She went abroad. First thing she knew, the Milwaukee girl was singing for royalty—King Edward VIII when he was Prince of Wales, the King of Sweden, ex-King Alfonso of Spain, the Duke and Duchess of Kent—they all helped make her one of the toasts of Europe.

Now she has come back home, and broadcasts on Tuesday evenings from ten to ten-thirty, and on Saturdays from eight to eight-thirty over N. B. C.

—★—

Marlene Dietrich couldn't wait to get off to Europe—and now she can't wait to get home! She is making a picture in England, you know, and there have been delays (it's reported that Robert Donat walked out on it, for reasons not announced at the time) and she doesn't know when she'll return. She is so sold on Hollywood that she telephoned her studio dress designer to ask his advice on the gowns she will wear in the English picture—perhaps she was afraid that the designers over there wouldn't let her wear enough feathers!

Marlene Dietrich

—★—

Well, another grand picture has come along, one of the best in years. It is "My Man Godfrey," with—Carole Lombard, William Powel Alice Brady, Gail Patrick, Jean Dixon, Eugene Pallette and Alan Mowbray. It is almost too funny—you find yourself laughing so hard at one bit of funny dialogue that you miss the next one.

—★—

You can't help liking Errol Flynn. He refuses to let making pictures dominate his life, perhaps because he did so many things before he became an actor. He learned to play tennis comparatively recently, entered the Pacific Southwest Tournament — and had to play Frank Shields. But he gave a good account of himself, though he was up against a champion. When he lived in New Guinea he collected rare snakes for Dr. Raymond Ditmars. Now he collects rare insects for British museums, and his wife, Lily Damita, goes along on his hunts.

Errol Flynn

—★—

ODDS AND ENDS . . . Buster Crabbe, after teaching Harold Lloyd's children to swim, had begun giving lessons to Shirley Temple . . . The March of Time is off the air for only a short while, just to give the people who do it a chance to rest after sixty successive weeks of broadcasting . . . Eleanor Powell ordered fifteen pairs of slacks at once; the Hollywood habit of wearing them got her, and now all she needs is a mink coat to wear with them . . . Helen Hayes, who is broadcasting again, wears a slave bracelet instead of a wedding ring . . . When Bing Crosby gets back into the harness and begins making pictures and broadcasting again, he'll have a new title—president of the Del Mar Turf club; it's near San Diego . . . Production on "Camille" has been held up indefinitely by Irving Thalberg's death, which prostrated Greta Garbo.

Uncle Phil Says:

And Get Nowhere

Life is an uphill road unless you stand still or sit down.

We don't ask for people to think seriously all the time; but we want them to be able to if necessary.

It requires some art to deliver a compliment and not do it awkwardly.

Young people think love is the most important. After awhile they find that success in life is equally so.

'Twas a Help

While laying so much credit to McGuffey's Readers for the right upbringing of boys, we shouldn't forget that the woodshed flourished at that period, too.

In this land of free speech, one is at liberty to criticize everything but children, mothers and dogs.

Makes or Breaks

Disappointment is discipline to a strong man, annihilation to a weak one.

Put people on their honor not to be foolish and most of them would not be. They'd dig up their common sense.

If one has a dominating personality, one ought to find it out early in life.

Early Training

Dr. Holmes was asked when the training of a child should begin. "A hundred years before it is born," he replied. This is a strong way of putting the truth that the training of children should begin with the training of their grandparents. — S. E. Wishard, D. D.

For Amazingly Quick Relief Get Genuine Bayer Aspirin

If you suffer from pains of neuritis what you want is quick relief..

Genuine Bayer Aspirin tablets give quick relief, for one reason, because they dissolve or disintegrate almost instantly they touch moisture. (Note illustration above.)

Hence—when you take a real Bayer Aspirin tablet it starts to dissolve almost as quickly as you swallow it. And thus is ready to start working almost instantly . . . headaches, neuralgia and neuritis pains start easing almost at once.

That's why millions never ask for aspirin by the name aspirin alone when they buy, but always say "BAYER ASPIRIN" and see that they get it.

Fashion Notes

The fashion outlook is black this fall!

Look for some sandals in the new fall version.

Skirts will be worn shorter than they have been in years.

Cartridge plaits make a smart trimming for a new fall dress.

Rhinestone brooches promise to rival clips for popularity this autumn.

Back fullness is regarded as one of the important phases of the new silhouettes.

Tweed swagger suits, bright-toned and collared with fur, are being chosen by smart women for fall days.

The long basque combined with a full skirt, often shirred, is included as among the important evening silhouettes.

Disproportionate Votes

One of the executives of King Features, who is putting out a new voting test called the Crossley Poll, explains the apportionment variation in election returns in the following language: "Each voter in Nevada counts more than 16 times as much in deciding who shall be the next President as the individual voter in the state of New York. Nevada has only 23,000 families, yet it has three electoral votes; while New York, with 138 times as many families, has but 47 electoral votes. A similar disproportion runs through the entire list of states."—Washington Star.

Old as Methuselah

The oldest chartered industrial concern in the world is the copper mine at Falun, in Dalecarlia, one of Sweden's most picturesque regions for travelers. The mine has been under the same continuous ownership since 1220, and so much ore has been taken from it that its excavations would hold the Cheops Pyramid.

An Underground Ocean

Scientists believe that below a depth of six miles in the crust of the earth there are no pores or cavities in which water could collect. For this reason it is believed that the underground waters of the earth are all above that level. It is estimated that the total quantity of underground water in the crust of the earth measures about 565,000,000 cubic yards, or nearly one-third the amount of water in the oceans.—Washington Star.

At The End Of The Rainbow

Proposition Number 4 on the November ballot is a rainbow in a sky clouded by tax burdens, bond issues, and soaring costs of government.

It is the only measure on the ballot which provides revenue for the state without cost to taxpayers. At least $2,000,000 annually would be received by the state under provisions of the measure which empowers the state to regulate slant drilling and to receive a flat royalty of 14 2-7 per cent from oil taken from state-owned pools.

Proposition Number 4 also rigidly protects the beaches by prohibiting tideland oil drilling forever and prohibiting pollution or any interference with bathing, fishing and boating.

One-half of the revenue is to go into the general fund for reducing taxes, the other half to acquire and maintain publicly-owned beaches and parks throughout the state.

British Reds Demanding Aid for Spain

London's famous Trafalgar Square packed by British members of the Communist party as leaders addressed them during the recent unity demonstration in "Aid of Spain."

MAYORESS FROM CHILE

Paying a long-deferred visit to New York is Mrs. Alicia C. De Errazuris, who is shown on the S. S. Santa Barbara. Back home in Chile the senora is mayor of Providencia, one of the country's most aristocratic residential communities. She is believed to be the first woman to hold such a post in a South American republic.

Chicago's Jail Is Made Escape-Proof

Cook county jail in Chicago, where many notorious gangsters found temporary lodging during the bootleg era, is being made into a model fortress. New bullet-proof cages, manned by guards equipped with tear gas, rifles and machine guns, command all entrances and exits. Jail Officer Philip Pawlowski, shown above, keeps an alert watch.

Mayors of Two Winchesters Meet

An interesting ceremony is pictured here as Mayor C. R. Anderson of Winchester, Va., presents a flag of the American city to Mayor A. T. Edmonds of Winchester, England. The American mayor is in mufti. The flag was presented as a token of good-will from the modern American city to its ancient namesake.

NOT IN THE BOX SCORE:

A spat which will make the National Open at Baltusrol (where a reporter got himself sued for 100 G's) seem like a pink tea soon will edify the golfing public. This is because the ordinarily well-meaning Garden City Golf club has been so poorly advised as to issue a thinly veiled edict concerning reporters assigned to report the National Amateur. The press luggs have been informed that if they want to get the news they can come around to a new servant's entrance and like it . . . During the five years when Joe McCarthy managed them the Cubs never played a Sunday doubleheader. The Sabbath turnstiles kept rattling so briskly during that time there was no need of trying new money-raising devices.

After making faces at one another for several weeks Jack Curley and Mike Jacobs have agreed to continue promoting wrestling at the Hippodrome. The rift in the firm came when numerous customers squawked about paying their money to a sports emporium which opened with such a woeful affair as that Lewis-Wyckoff mat thing. The two eminent gents made up when a peacemaker pointed out that the sad show really was the state athletic commission's child, the boxing bosses having ordered the match to be made and to be held in a downtown arena . . . Watch for another Ohio State speedster next year. A diminutive white sophomore quarter-miler named Harley Howells is the prospective Buckeye Bullet . . . Thirty years or so ago Colonel E. R. Bradley had a gee-gee which won a heat or two and was named (of all things) Captain Hugh Bradley.

Picked Up Here and There—Rumormongers whisper the only reason Gene Venzke does not turn pro is that nobody mentions the sort of money Jesse Owens expects to make. Also that if open track meets become any sort of success Gene immediately will hop on the band wagon but that, meanwhile, he doesn't dare chirp about such things for fear of getting in wrong with the badge-wearing poo-bahs. Gene, by the way, now carries a cane. It is a broken and discarded javelin he picked up on the Berlin Olympic field.

Strange Things Happen Even in Football

More things you should know about this game called football. (With grateful acknowledgment to a gentleman who lives in the Juniata Branch of Altoona, Pa., and requests that his name shall not be used.)

George Washington U., Washington, D. C., plays teams from seven different states but makes no trips.

St. Mary's college, California, has a student enrollment of 476—and a stadium seating 65,000; Oglethorpe "U," Atlanta, Ga., has an enrollment of 500—and a stadium seating 45,000.

In 1872 a football game between Columbia and Rutgers was called on account of darkness.

In 1921 Cornell defeated Dartmouth, 59 to 7—after leading by but a single touchdown at the half.

Walter Camp once placed a Nebraska player on his All-American team who had graduated the year before.

In 1916 Bill Fincher of the Georgia Tech team booted eighteen consecutive goals after touchdowns in a game that ended 222 to 0 against Cumberland.

Pat O'Dea drop-kicked 62 yards for Wisconsin in 1896 against Northwestern—in a snowstorm.

Homer Hazel of the 1923 Rutgers team kicked off to Villanova to open the game. A few seconds later he recovered a fumble—scoring on his own kickoff.

Walter Camp played on the Yale team six years; Foster Sanford played on the same team two years before even entering the institution.

The game of football was almost banished in 1897 in Georgia due to the fatal injury to Vonalbade Gammon of the Georgia squad.

Bradsbury Robinson made an 87-yard pass in a St. Louis-Kansas game in 1906. In 1920 "Brick" Muller of Ohio State snapped the ball for a mere 70 yards.

Thad Brock of Davidson college's (N. C.) 1929 team made a run of 102 yards — yet failed to score against Duke. He had attempted to kick from eight yards behind his goal line, changed his mind, ran, and was downed on Duke's six-yard stripe.

Woodrow Wilson was the first Princeton football coach to defeat both Harvard and Yale; he originated the double pass and was responsible for the modern eligibility rules.

The outstanding David - Goliath football game is still Centre's conquest of Harvard in 1921. That was back when "Unk" Moran coached Centre. His last coaching assignment was at Catawba college, Salisbury, N. C., two years ago.

Centre college was one of the first Southern teams to defeat a Northern team on Northern soil.

Earle Clark of the Colorado college team scored all the points for both sides in 1929, the score standing 3 to 2 at the finish for a Colorado victory over Denver.

A University of North Carolina player, Ike Norwood, in 1908 played in the first game he had ever seen and then played in every game during the season except one.

Frankie Neil's Cauliflower COLYUM

There she goes, a fine young man loses his life in a melee over some foolish brawl brought about by an insult to a lady.

* * *

It may be the right thing to do in a fit of anger but why not stop and study what the conseqences will be?

* * *

This young man has the misfortune to be one of the goats, so to speak, in an argument that is now in the hands of the law; and is probably wondering how he is going to be released from same.

* * *

Well, of all the foolish things to do in the case, it was done: just negligence or ignorance of what to do to bring a man to, after knocked out by a vigorous, stunning blow. Why not know the important thing to do in such cases? Boxers when being knocked out are often brought to merely with a slap alongside of the face to loosen the blood clot that forms—same as a short in electric wiring, separate the wires & the trouble can be mended.

* * *

When a person is shocked, or frightened, or beaten into a condition of coma or stupor, the first and essential thing to do, is to shock, or frighten, or beat the injured back into a conditon of consciousness as for some reason seem to function the same when the person is unconscious.

* * *

And, as I understand it, Debarre was taken to a hotel, left there unconscious, and later died from the effects of the blow.

* * *

Of course, the real preventative in such matters is for the individual to "keep his head." There are some bellicose persons who try to get a rise out of someone whenever they have a few drinks. This is dangerous business because the one addressed may be a super-sensitive being only too willing to want to settle the case by recourse to the law of the jungle.

* * *

Naturally, there are some cases where only fisticuffs will suffice. Men must fight the battles for the protection of the women. But the insult must be a studied one and intended, not the casual flippancy of a thoughtless, or even smart-aleck remarks magnified in importance from a molehill to a mountain.

* * *

These are my ideas and I am going to stick by 'em. I yet maintain that the average person ought to be instructed in the rudiments of first aid in cases such as the DeBarre episode.

* * *

I knew 'Lefty' and liked him. Don't believe the fault was his or on the other side either. But, it was unfortunate that somebody was not around who knew how to handle such cases.

DOUBLE REWARD

If any man seeks for greatness, let him forget greatness and ask for truth, and he will find both.—Horace Mann.

Why Laxatives Fail In Stubborn Constipation

Twelve to 24 hours is too long to wait when relief from clogged bowels and constipation is needed, for then enormous quantities of bacteria accumulate, causing GAS, indigestion and many restless, sleepless nights.

If you want REAL QUICK RELIEF, take a liquid compound such as Adlerika. Adlerika contains SEVEN cathartic and carminative ingredients that act on the stomach and BOTH bowels. Most "overnight" laxatives contain one ingredient that acts on the lower bowel only.

Adlerika's DOUBLE ACTION gives your system a thorough cleansing, bringing out old poisonous waste matter that may have caused GAS pains, sour stomach, headaches and sleepless nights for months.

Adlerika relieves stomach GAS at once and usually removes bowel congestion in less than two hours. No waiting for overnight results. This famous treatment has been recommended by many doctors and druggists for 25 years. Take Adlerika one-half hour before breakfast or one hour before bedtime and in a short while you will feel marvelously refreshed. Leading Druggists.

VOTE YES ON PROPOSITION NO. 22

There are always HOGS !

VOTE "YES ON 22."

This is an editorial for the benefit of the chain store employes. Their big bosses won't like it, and perhaps the employes, themselves, will not admit it to you. But common sense tells one that if a girl or boy, man or woman, who works for a chain store did not have sense enough to know that what we write is s , then that particular chain store employe would be considered so dumb as to be given a free ticket to be looking for a job with another chain store.

Our purpose is to show that anyone who manages a chain store can manage a store of his or her own as well as the boss's chain store IF CONDITIONS ARE THE SAME FOR HIM AS FOR THE BOSS.

First and only absolute requirement is an ample supply of cash. This may come from any source whatsoever— fake oil stock or even other chain store swindle stock is just as preferable as the hard won savings from wages.

After one has the money, rent a location, get the best. If it is neccessary to beat a widow or two on the price, that will be good practise for the future, but it is not absolutely neccessary. Get the location.

Buy fixtures, only the best.

Buy advertising. Use only the largest circulations; but only after you have chiselled the advertising rates as low as you can without the danger of having any newspaper start editorial blasts against the chain stores.

Buy Labor. Hire young men or women who can stand to work long hours after closing time, for little pay. To do this most effectively, oppose every forward labor movement, and especially any regulatory legislation like the NRA. Two ounces of "constitutionalitis" in any employee is worth a barrel of wages. Of course, if you have to have a clerk's union, be sure your bookkeeping system is sufficiently confusing, so you can never be caught openly making money. If clerks know that, they wouldn't have any better sense than to ask for a raise, especially if well organized. At the same time, on your other set of books, never let you catch yourself losing money. It just 'isn't cricket.'

No, it is best to keep an expert chain store book-keeper, even if you have to pay him $27.50 up to $28.15 a week for the following reason: Buy merchandise at cut-throat prices. Again you must do everything to break down NRA's and Fair Trading Associations, yelling how they are breaking the "small business man." Under such governmental restriction, regimentation, etc., if the courts find you are selling below cost, you go to jail. Unless you use the customary expedient of having a price billed to you on invoice different than the price you pay.

Don't feel squeamish about forcing farmers or vendors of any kind to the wall. There will be a fresh batch next year. And, if not, your store with the advantages shown above, similar to chain stores, will be able to ultimately buy your own farms and industrial plants, and hire all the former owners to work for you on the same basis as your store help, long hours, low wages.

Just a few more tips, and then you can manage your own store as well as the chiselingest chain store you ever saw. Don't ever give anything away, to churches or school benefits or such. That's where your extra dividends come in. Anyway, you can't be human and familiar in business. That "human" business is only for the old-fashioned store, you must be modern and improved, and cold-blooded.

And if your store is located on Macdonald Avenue in Richmond, be sure and keep open on Sundays because the chinamen's stores are closed on that day and you can demonstrate your American superiority—ouch, there it goes again!

So now, Mr. or Mrs. or Miss Chain Store Employee, you have all it takes to run your own store and run every other store but the chains out of business . . . what? Oh, the money to start? Oh, you save that out of your salary!

(Like h—) you will. And don't forget, folks, to vote those few million dollars in chain store taxes into the state treasury by plunking down a "yes" on 22.

And don't be afraid of them raising your prices because they have to pay an extra $1.50 per day per store—Mr. Independent Merchant across the street will take care of that, all right. If the chains want to chisel, let 'em pay the freight!

WHEN FATHER WAS A BOY

The old town has changed a lot since I was just a lad.
For in those days the home owned stores were all we ever had.
I remember how the boss would come and meet us at the door
And he always made us feel at home when we were in his store.

And when some roads were needed and home other work was done,
The owners of our local stores were always called upon.
When other things were needed to make a better town,
They were always glad to do their share, they never turned it down.

And now and then 'twould happen, folks would need a little stuff
To keep them through the winter when times were kind of tough.
But it didn't seem to matter for the man who owned the store
Would always give these folks some credit and deliver to their door.

But everything is different now. It isn't like it was
When we were kids. Do you know why? I'll tell: It's because
The chain stores all have come to town, it seems they have control,
And it seems as if a man don't own his body or his soul.

Oh, yes: their stores are pretty and their windows have a flash.
But they never know a person if they hav'n't got the cash.
For their bosses live on Wall Street. And we're a bunch of fools
If we think these fellows give a darn about our church and schools.

Now, listen folks: Can we afford to sacrifice our rights?
Shall we neglect our townsman to feed these parasites?
Shall we forget the pioneers who builded up this town?
Shall we allow the outside stores to tear the whole thing down?

I think I know the answer, folks. I hope you'll say no.
Let's own our little city like we used to years ago.
Let's patronize our local stores and keep the cash at home.
And let the doggone chain stores start a city of their own.
